

## Parent Handout for Review

### Romans 1:18-32

#### **Supporting Truths Kids Can Grasp:**

- We can't hide the truth about God. (Ignore God)
- Creation shows us God is real. (No excuse)
- People traded God's truth for lies and began worshiping created things. (Idolatry)
- When we turn away from God, sin only grows worse. (Hearts grow dark)
- The good news: Jesus saves us from sin and makes us right with God. (God's wrath/judgement)

**Family Action:** This week, set aside distractions and fix your attention on God. Look at His creation and see Him in it. The stars, the huge trees, the tiny bugs, the sunsets.

### Romans 2:1-16

#### **Supporting Truths Kids Can Grasp:**

- We shouldn't judge those who aren't saved. We are just as sinful, if not worse.
- God is patient, giving us time to repent.
- God judges everyone fairly- no favorites.
- Our heart shows us right and wrong, but only Jesus can save us. Not any Law.
- The good news: Jesus saves us from sin and makes us right with God.

**Family Action:** This week, come together as a family and admit where you fall short, ask forgiveness & pray together.

### Romans 2:17-29

#### **Supporting Truths Kids Can Grasp:**

- Knowing God's rules is not enough—our hearts must obey Him.
- Hypocrisy dishonors God.
- Labels and outward signs can't save us.
- True followers are changed by the Holy Spirit on the inside.

**Family Action:** What is one way this week I can show my children that I belong to God- not just by what I say, **but by how I live?**
